On **November 6th and 7th** there will be a 2015 edition of DrupalCamp: by far the biggest Drupal event in Belgium.

After a very successful edition in 2013 in the "Campus Health and Technology", we are thrilled the people of KHLeuven (UCCL now) were enthousiastic to welcome us again on this high-tech campus in **Leuven**.

Based on the average attendance of previous DrupalCamp events in Belgium, we expect 300 to 400 people to head over to Leuven on Friday and Saturday to learn, teach, network, contribute, seek for a new job, drink a beer with like-minded souls etc...

You can help make this (free) event a success again by supporting the local Drupal community, and meanwhile putting your company in the spotlight, by becoming one of our sponsors!

Below you can find an overview of the sponsor packages we put together, along with information about what you can expect in return. Note that the number of sponsorings per level is limited to provide maximum value, and will be served on a first come-first served base.
